SUMMARY

Senior Information Science student at the University of Maryland who believes data should make everyday experiences better for people. Naturally curious about the **why behind a problem**, with a habit of digging in until the root cause is clear and then **explaining it in a way anyone can act on**. A **strong team player** who **juggles multiple priorities** with ease, stays calm under pressure, and adapts quickly to new environments. Brings a **people-first approach** and a genuine **commitment to accessibility**.

EDUCATION

University of Maryland, College Park
B.S. Information Science | Minor: Technology Entrepreneurship & Corporate Innovation | GPA: 3.5+
Certification: Microsoft Power BI Data Analyst Professional Certificate (in progress)
Relevant Coursework: Database Design & Modeling (SQL), Data Sources and Manipulation, Statistics for Information Science, Technologies, Infrastructures & Architecture

EXPERIENCE

Data Analyst Intern | *National League of Cities* Summer 2026

- Interviewed stakeholders across teams to document **business intelligence needs** for website traffic and internal SharePoint reporting
- Reviewed the organization's **Power BI** environment, assessing how reports were organized and how easy they were to use for decision-making
- Built a **data stewardship process**, with an organizational strategy and change management steps, to keep reports organized and up to date
- Presented an executive summary of findings and recommendations to **leadership** and delivered a final project report

Registered Behavior Technician | *Behavioral Framework* Oct 2024 – Present

- Support clients with disabilities, recording session data in Rethink that guides **data-driven decisions** by the clinical team
- Communicate progress clearly to supervisors and families; handle **confidential information** under HIPAA standards

Shift Leader | *Starbucks* Jul 2025 – Present

- Lead shift teams in a high-volume, **customer-first** environment, resolving customer concerns and keeping service on time

Operations Intern | *Byte Back, Washington, DC* Spring 2024

- Supported the finance department at a tech education nonprofit providing free digital literacy and IT training to adults

Additional Experience: Sales Representative, NYN Media (2022–2024); Leasing Office Assistant, Escher Apartments (2023); Barista/Shift Supervisor, Bambu Desserts & Drinks (2021–2022)

DATA PROJECTS

Customer Review Root-Cause Analysis | *Python, pandas, Ollama*

- Analyzed 22,000+ customer reviews to **identify root causes of complaints**, and built a **validation check** that caught errors in AI-generated summaries

Purchase Intent Classification | *Python, scikit-learn*

- Predicted which of 12,330 online sessions end in a purchase; handled class imbalance and reached **0.93 ROC-AUC**, catching **77% of real buyers**

Retail Sales & Staffing Forecast | *Python, scikit-learn*

- Forecast weekly Walmart sales across 45 stores with **4.8% average error** on unseen weeks, then turned forecasts into staffing tiers

OKC Thunder Four Factors Analysis | *R, tidyverse, logistic regression*

- Modeled 329 Thunder games to measure what drives wins; **checked the data against official standings** before trusting it

LEADERSHIP & INVOLVEMENT

President, People for Tigray (P4T) 2024 – Present

- Lead fundraising that raises about **$3,000 per semester** for two schools in Tigray; plan about 3 events per semester

Internal Vice President (2023 – Present); Treasurer (2023) | *Ethiopian Eritrean Student Association (EESA)*
Additional Involvement: Volunteer, MCPS ESOL Program | Peer Tutor, UMD Guided Study Sessions | Member, Code: Black and Association for Women in Computing

SKILLS

Technical: SQL, Excel, Python (pandas, scikit-learn), R (tidyverse), Power BI (in progress), Git/GitHub
Languages: English, Amharic, Tigrigna (fluent); Arabic (beginner)
